Join the Center for Predictive Human Model Systems (CPHMS, AIC - CCMB) for a webinar on 'Developing Human Relevant Research in India' Part 6

Use of In-vitro Human Surrogate Models - an Industry Perspective

Speakers

Dr. Subhadra Dravida
Founder CEO, Transcell Biologics
Human Surrogate Cell/Tissue Systems For Testing Safety & Efficacy - The Most Relevant For Pharma, Cosmetics and Vaccine Candidates

Dr. Subhramanyam Vangala
CEO, Reagene Biosciences
Use of In vitro human surrogate models in physiological based pharmacokinetic (PBPK) modeling and prediction of human pharmacokinetics

23rd January, 2021 (Saturday)
11 AM (IST)
